

TEMIDAYO BELLO

Address: Lagos, Nigeria.

Email: temidayobelloh@outlook.com

CAREER OBJECTIVE

An ambitious front-end developer actively seeking internship opportunities to launch my career. With a strong command of HTML, CSS, JavaScript, and React, I am eager to collaborate with a forward-thinking team that values innovation, teamwork, and continuous professional growth.

EDUCATION

- Frontend Software Development Training Course: Tech4Dev, [October 2023 - Present]
- Frontend Software Development Bootcamp: Tech4Dev, [June 2023 - July 2024]
- BL (Barrister at Law): [Nigerian Law School campus], [2022]
- LLB (Bachelor of Laws): [University of Lagos], [2021]

SKILLS

- Programming Languages: HTML, CSS, JavaScript
- Frameworks: React
- Version Control: Git
- Design Tools: (**Adobe Photoshop**), Figma
- Problem Solving, Communication, and Teamwork

EXPERIENCE

- Developed a UI using vanilla CSS, showcasing proficiency in creating visually appealing designs.
- Created a weather app, displaying weather information based on user input.
- Built a to-do list and a task manager app, demonstrating organizational and problem-solving skills.
- Developed a quiz application using vanilla JavaScript, testing user knowledge with interactive quizzes.
- Collaborated with teammates to build a Covene application with React, showcasing teamwork and proficiency in a popular frontend framework.

PROJECTS

- **Weather App:** Developed a responsive weather application using HTML, CSS, and JavaScript. Integrated an API to fetch real-time weather data and displayed it in a visually appealing interface.

- **To-Do List:** Created a task management application with HTML, CSS, and JavaScript. Implemented features such as adding, editing, and deleting tasks, as well as local storage for data persistence.
- **Task Manager App:** Developed a robust task manager application using HTML, CSS, and JavaScript. Incorporated advanced features like task prioritization, due dates, and filtering options to enhance productivity.
- **Quiz Application:** Built an interactive quiz application using vanilla JavaScript. Designed engaging user interfaces, implemented timer functionality, and provided instant feedback on user responses.
- **Covene Application:** Collaborated with a team to develop a dynamic Covene application using React. Utilized React components, state management, and API integration to create a seamless user experience for event planning and coordination.

CERTIFICATIONS

- Frontend Web Development Certification, Udemy, (February, 2024)
- Introduction to Frontend Development Certification, Simplilearn, (December, 2024)
- Bootcamp Training Completion, Tech4Dev, (July, 2023)
